CONTESTING REMINDER

Please be advised that if you are submitting multiple contests, the system will only recognize the last one that was submitted and will void all others. Therefore, it is important if you are contesting that you submit **one time only** with all the appropriate information entered in the data field. The comments section should be complete and consistent with the Pairings or Time off that you are contesting.

Even though the Blocks may be published early, it does not follow that contest answers are posted early. Contesting opening and closing dates will always adhere to what has been published on line and in the bid package.

Every month the PBS Awards and Contesting Schedule can be found on the Portal. You can navigate to Crew Scheduling and Planning > PBS Bidding, Awards, Contesting and Monthly Reports and then to Bidding and Award Schedule.

VACATION BIDDING ROUND TWO

Please remember to submit both a PBS bid and your second vacation bid. Round two of vacation bidding opens on Feb 10 @ 05:00 and closes on Feb 24 @ 05:00.
