YVR Fuellers Locked Out

July 19, 2010

Dear Fellow Members of Local 4094,

As you may already know, Globeground Fuel Services/Serviceair has locked out members of the Union of Canadian Transportation Employees – a component union of the Public Service Alliance of Canada at the Vancouver International Airport that fuels our Aircraft.

The local has communicated with Executive at their bargaining unit to offer our support in their quest for a fair first collective agreement.

Any time replacement workers are brought in to do the work of members of a bargaining unit in the aviation environment, it is prudent to be extra vigilant. Minor delays have already been reported at YVR today, and it is very likely the pressure to get aircraft out on time will intensify. Please continue to be mindful of all rules pertaining to re-fuelling.

In Solidarity,

David Pacheco
