

## Educational Series - Issue 2 - Radiation Report

Last year, the Union obtained permission to put the report prepared by PC Aire for the Air Canada pilots, entitled **2009 YEAR END REPORT: COSMIC RADIATION EXPOSURE ON AIR CANADA PILOTS**, on our Component website. We hope that you will find this information interesting and educational. Please be aware that the radiation exposure levels vary from year to year, and that the ones in the report are specific to 2009.

To access the report:

> go to the Component website at <http://www.accomponent.ca>

> login

> type "radiation report" in the Search Box and click Search

OR

> after you have logged in and gone to Members Site

> go to Bulletins

> go to Committee Bulletins

> go to Health and Safety Committee Bulletins
