Local 4094 President Response to Change to BL Positions

The Local has received considerable feedback from concerned members regarding the Employer's unilateral decision to increase the BL complement on certain flights effective with the October block month.

It is important to note that the Employer did not notify your elected officers of this change. In fact, your Local officers only learned of this decision with the release of the October pairings.

At this point, we can advise that the Union is examining all options and will be consulting with legal.

We will update you as information becomes available for release.

**In Solidarity,
Carolyn**
