What if your eClaim is Denied?

1. Double check that the details you entered are correct and all rules have been followed. If not, resubmit with corrections.
2. If correct, bring all details associated with your denied claim into your local CUPE office so they can file a grievance for you.

They'll need a PRINT OUT or an email containing ALL 'evidence' to support that you should have been approved:

- The DENIED eClaim itself
- The Flight Summary that's associated with the denied claim
- The Pairing from your Globe (AND from your Award if you're a block holder) that's associated with the denied eClaim.

You'll need to explain why you need a grievance filed and may have to fill out a grievance form.

The End!

Thank you for attending
