Revisions to April Pairings to Be Published March 19,

Bid Close Extended to March 21

Dear Crew,

On March 13, you were informed via globe message that, as a result of Transport Canada's closure of Canadian airspace to commercial Boeing 737 MAX operations, a revised pairings schedule for the April block month would be published and be ready for bidding on Monday, March 18, at 08:00 EDT.

We understand that you are looking forward to seeing this revised schedule as soon as possible. However, developing a contingency plan under these circumstances that meets the needs of our customers and crew and that protects our operation is a complex task. We're finalizing the necessary changes and will now be in a position to publish these updated pairings on **Tuesday, March 19, at 08:00 EDT**.

Given this revised publication date, we are pleased to let you know that we have revised the bid close deadline for the April block month by 24 hours to **Thursday, March 21, at 08:00 EDT**, so that you have sufficient time to review the revisions and resubmit your bids, should you choose to do so.

We appreciate your patience and understanding with the extra time needed to complete this work. Once the new April schedule is published, rest assured we will notify you via globe message so that you may immediately access the pairings and update your bids accordingly.

Scott Richardson
Director, Crew Planning
